## Delay Hospital Board Vote on Appointment

General Hospital's board of trustees Tuesday night postponed election of new officers and nomination of committees until October, pending action of the board of supervisors, and a vote on the new board.

Supervisors are expected to vote on the new board of trustees—three trustees—on the county at large and

one from Beat 4—sometime before the end of September.

Election of new officers and nomination of committees were on the agenda for the annual meeting in September but a change in membership of the board is thought possible in some quarters on the basis of the present supervisors' actions earlier this year in replacing many of the previous county administration's appointments.

## Paulk Child Hurt in Mower Mishap

Seven-year-old Waveland Paulk lost his lower right fore leg as the result of a lawn mower accident last Friday afternoon when he was home from Hancock General Hospital.

The child is David Paulk, son of Mr. and Mrs. Albert Paulk, who was mowing the lawn when the accident occurred.

According to J. D. McCulloch, superintendent of the Bay St. Louis Municipal Separate School District, Clarence Paulk, head maintenance man at the school, was mowing the lawn when the accident occurred.

McCulloch said the boy was mowing the lawn when the accident occurred.

## City School Board Eyes More Space

It's quite probable that the Bay St. Louis Municipal Separate School District will have to provide more classroom facilities in another year, trustees concluded Monday night.

In line with an inquiry from the local outlook and facilities superintendent, Joe D. McCulloch, reported that an enrollment increase of 86 pupils this year has completely filled Bay High School's capacity and left available one classroom at North Bay Elementary and two at S. J. Ingram School.

McCulloch observed that it is reasonable for the board to start thinking about more high school space, particularly in light of anticipated industrial growth here, but trustees indicated more interest in providing new space on the elementary level for the South Bay area.

The superintendent was directed to study the present enrollment from the area south of Main Street attending North Bay with an eye to cutting down on the distance some pupils presently have to walk to school since state law prohibits furnishing transportation to students living within the city limits.

J. W. Watts, Jr., and Robert L. Hamilton commented that the Ingram School, across Ullman Avenue from Bay High, could be used for high school classes and new elementary rooms be provided instead. McCulloch said the 122-member ninth grade might be housed there and city police requested to assist with the traffic problem during gymnasium and assembly periods.

White enrollment is up by 62 this year with 43 more in the high school division and 19 in the elementary classes while there are 24 more Negro pupils.

Concern also was voiced over children walking to North Bay down the middle of Dunbar Avenue and it was decided to renew the board's plea that City Commission Council provide a sidewalk there.

In line with the board's consideration of more space with industrial growth from the new Industrial Electric, Inc. plant, Standard Oil refinery at Pascagoula and moon rocket development at the Michoud plant in New Orleans, it was decided to see how vocational training in the system can enable young people here to prepare for industrial jobs.

President T. T. Reboul, Jr., suggested postponing the election since the supervisors have not yet made appointments and Treasurer Kenneth W. Pope's name moved to amend the by-laws to elect in October. While Secretary Norton Haas suggested simply postponing the action, Beat 3 Trustee Milton Sauter seconded Pope's motion and Sam L. Favre, Jr., attorney, advised the amendment since a similar situation will occur every fourth year. This is to be voted on next month.

On Sauter's motion approval was voted to the medical staff's recommendations for appointments next year, only changes being Dr. T. A. Quigley going on inactive status and Dr. Marion J. Wolfe given temporary approval pending some formalities since his return to practice in Bay St. Louis.

The medical staff announced election of Dr. A. K. Martinolich, Jr., as chief of staff for the coming year with Dr. W. L. McFarland as vice chief and Dr. Frank Schmidt as secretary-treasurer.

As the meeting neared its close, Peppers noted that Favre's contract as attorney also should be considered and Mrs. T. P. Ward, Beat 1 member, moved his reappointment for one year. Haas contended the item should be held for the next meeting as election of officers had been, adding that he thought the attorney should serve at the pleasure of the board and not be under contract. "No one has a contract around here but Tom," he said, referring to Administrator Thomas O. Logue, "and that's the way it should be."

Favre interjected that it made no difference to him, that he had served the hospital free for three (Cont. on Page 7.)

mangled it was necessary to amputate the lower part. Both legs were severely lacerated but are responding well to treatment.

Randolph was treated at his home for severe shock after he refused hospitalization.

The children in the class were out on a five-minute water break which in addition to routine recesses is customary in grades one through four, McCulloch explained. During regular recess periods, all mowing is halted.

A group of Waveland businessmen and friends are initiating a fund to assist the family with David's hospital and doctors bills as the family had no insurance for this purpose. In April, 1959, the Paulk home in Clermont Harbor was destroyed by fire and some years ago they lost their dwelling in New Orleans by fire.

The father is with Marine Service in Morgan City, La., while the mother is employed at Wilcox Electric Co.

## Carla and Crime Keep Sheriff's Staff Busy

Sheriff Gerald Price reports a full week complicated by the threat of Hurricane Carla. All deputies were on 24 hour duty as they cooperated with the local Civil Defense. They assisted in evacuating residents of low lying areas in the county and patrolled all roads to prevent use of those rendered impassable by rising waters.

On Friday night deputies answered a call to the summer home of Gordon Lambert on Old Spanish Trail and rushed Lambert to Hancock General Hospital suffering from severe lacerations of the right arm allegedly inflicted by his father, Luther Lambert, who was also hospitalized with head injuries. The younger Lambert was treated and released the following day. In a preliminary hearing before J. P. Justice of the Peace Medius Rhodes Wednesday night Gordon Lambert testified his father was his visitor for the week and without apparent provocation attacked him with a knife and he struck him on the head in self defense. He stated that he did not wish to press charges. Both are charged with simple assault and further hearing has been postponed until Luther Lambert is able to return here from New Orleans.

At 10:05 a.m. Tuesday, Fred Colan of Mobile, Ala., was arrested on Highway 90 by Patrolman D. D. Cvitanovich on a (Cont. on Page 6.)

## 1-Way Street Set For Parish School

A one-way street pattern will go into effect Monday in the vicinity of Our Lady of the Gulf Parish School during the period students are entering and leaving classes, Mayor John A. Scatliffe announced this week.

The plan calls for Second Street between Court and Union Streets to be restricted to southbound traffic on all school days from 8 a.m. to 2:30 p.m. and from 2:30 to 3:10 p.m. The new traffic regulation is being put into effect to relieve the congestion due to students arriving and leaving the school, and school authorities and commission council request that the public please cooperate.

## County Millage Same for 61-62

The same overall millage figure presently in effect was adopted for the county for 1961-62 by the board of supervisors at its budget session Wednesday.

One shift was made, however—the one-quarter mill levy for the sewerall fund was deleted and applied instead to the pauper

fund bringing that from one and three-quarters mill to two mills. County residents, except those residing within the Bay St. Louis Municipal Separate School District, will continue to pay the 51 mill levy; those in Beat 4 will pay 57 mills because of the special six mill tax for a road

and bridge bond fund, while residents of the city school district will be levied at the rate of 22 mills.

The budget, presented by Chancery Clerk Claiborne Ladner and prepared with the assistance of Warren Carver, accountant, estimates general county expenditures of \$226,150 for the coming year. With revenue from other sources figured at \$48,000 and a cash balance anticipated of \$24,000 on Oct. 1, start of the new fiscal year, that left \$153,920 to be raised through the supervisors' levy.

Tax Assessor George Hetzmann estimated property assessment at \$14,200,000 which would yield about \$164,000 on the 11 3/4 levy applying for general county purposes if collections are 100 per cent.

The seven mill levy for the road and bridge funds of the five districts will adequately handle their needs, Ladner told the board. Maintenance and capital outlay expenditures of each beat and levy needed to meet expenses are figured as follows: Beat 1, \$64,300 and \$12,791; Beat 2, \$47,120 and \$2,456; Beat 3, \$46,400 and \$3,774; Beat 4, \$45,800 and \$17,578; and Beat 5, \$67,700 and \$17,246.

The Beat 5 budget was raised \$10,000 at the request of Supervisor R. G. Hubbard, Jr., who said he would need more money than originally earmarked to carry out his road building plans. This does not apply to the Lower Bay state aid road in his beat now nearing completion.

Supervisors studied balances and expenses in the various funds in an effort to provide some more money for the pauper fund which is quite slender now because of repayment of \$6,000 from it to the road and bridge bond fund at Monday's session. Board attorney Lucien M. Cox cautioned that two mills was the statutory (Cont. on Page 7.)

## Tigers Set for Opener

The defending Gulf Coast Conference champion Bay High Tigers open their 1961 grid season Friday night, trekking to Pass Christian to play the Pass High Pirates.

The Pirates opened their season last week, scoring a comeback 7-6 victory over Vandev in a non-conference affair. This week's game is the first conference outing for both teams.

Bay High will have to count heavily upon the only two returnees from last year's championship club, Ronnie Peterson and Bobby Van Calsem, to help start the season off on the right track. Neither Peterson nor Van Calsem is big, but Van Calsem is a good line-smashing fullback and Peterson calls the signals from his quarterback position.

The Tigers play two road engagements, before opening their home season with a Sept. 28 contest against Hancock (Cont. on Page 10.)

## Grand Jury Continues Its Study

The Hancock County grand jury is expected to remain in session until at least some time Friday after beginning its deliberations on presentments made by District Attorney Boyce Holleman Wednesday morning.

The September term of Circuit Court originally was scheduled to convene Monday but Judge Leslie B. Grant postponed it until Wednesday because of the bad weather caused by Hurricane Carla.

It is understood from 10 to 12 cases are under consideration by the grand jury including that of the fatal shooting of Mrs. W. P. McCutcheon of Waveland (Cont. on Page 7.)

## CD, Guard Spend Weekend With Carla

Hancock County's waterfront was down in a hurry Saturday as Hurricane Carla kicked her heels and threatened to take this way, giving the local defense organization a test on its preparedness.

John Kidd, Bay St. Louis director who was appointed director by state authorities to coordinate cooperation was at that stage it did not appear danger was imminent. Sunday morning, however, Carla indicated a turn, the wind and water whipped up and civil defense went on an emergency status. Lawrence Pedacoe of Jackson, assistant CD director for this area, arrived to help plan evacuation and the unit stayed on duty until midnight Sunday.

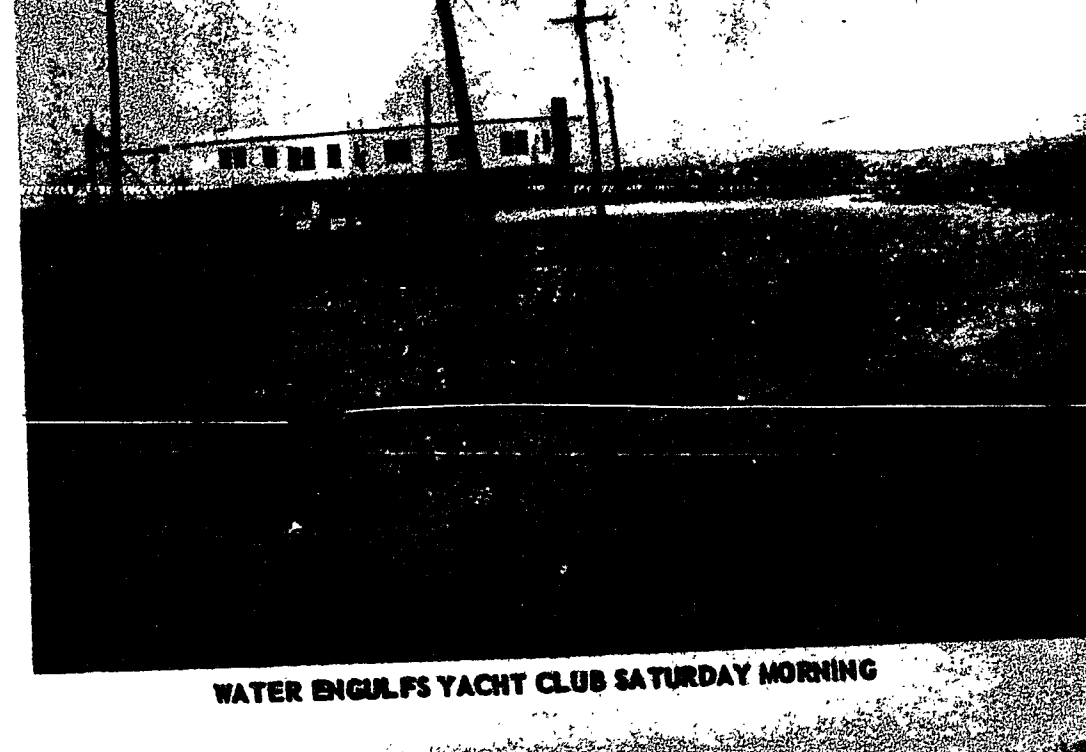

The American Legion auxiliary was called in to man the telephones at City Hall but at that stage it did not appear danger was imminent. ## At Waveland

Our anticipated very quiet 'after Labor Day' weekend just didn't work out that way. Carla had other plans which fortunately didn't include a visit to our area... but she was close enough to raise tides and waves and produce more than our share of moisture. A slightly exaggerated radio order to evacuate Hancock County caused little panic fortunately as many remember the discomfort suffered by those who fled in Ethel's wake last Sept. 15. Rose and John Garza headed for higher ground and ran smack into tornado winds outside of Gulfport and many spent a very cramped night in their cars, as motorists were told from Piquette to Hattiesburg.

## Storm Visitors

Lakeshore and Clermont Harbor residents wisely cleared the area as any tide above normal inundates much of the ground in those parts. Some North Bay residents also moved to higher and dryer shores and some spent Saturday and Sunday nights at the schools. Doris and Jack Seuzeneau and Elaine Davis moved into John Auderer's extra house on Merritt Lane Saturday night. Grace and Sam Boudages, Marius and Bert Landus and Lottie and Alvin Landus took refuge in the mayor's home. Teena and Lambert Boudages visited Ruble and John Boudages and Gladys and Harry Baxter.

Martie and Lloyd Garcia and family moved in with Isabel and Mel Villere. Gloria and Herbert Peterson also came to Waveland and spent Saturday night with Gloria's parents. Mr. and Mrs. Gallinghouse, Molly and Dave Casey took off for niece Gerri and Sam Blanchard's — also visiting Gerri and Sam were Gerri's parents, Mr. and Mrs. Doyle Spell of Vidalia.

One unfortunate effect of Carla was Matt Ballatin's fall through a break in the municipal pier late Saturday night. Matt and son Mickey decided to take a stroll before going to bed. Matt's fall brought on a recurrence of his heart trouble and he was rushed to Hancock General by ambulance. However he was sufficiently recovered to chat with friends on the phone Sunday.

## Get Well Wishes

While we're on the subject of illness, a few get well messages — a very special hope you'd better soon to little David Pauger who was severely injured at Waveland school Friday — he's a patient at Hancock General also — to Henry Develle who cut his foot a week ago last Saturday while cutting the grass and was stung by three yellow jackets on the same spot last Saturday and to Herb Baron who returned home from Hancock General Saturday. Herb has been under treatment for an infected finger.

Billy Bryant had no intention of missing a good hurricane party and weekend with Betty and Gerald Kennedy.

The Ken Waltmans also had guests during the near-storm. Sympathy is extended to Mrs. Howard Carver — her mother Mrs. Edna Winters-Fayard passed away early Friday morning. She was buried in the Fayard family cemetery in Waveland.

It's good to see Billy Soldine up and around again following his recent bout with pneumonia — Billy was released from Veteran's Hospital a little over two weeks ago. More good news—Dick Mestayer — improving slowly but surely in Baptist Hospital—Our deepest sympathy to Travis Culbreth. His wife, Mildred, passed away Monday in a New Orleans hospital. Funeral services were in Houston, Texas.

## German Beauty Visits

Richard Neuman, U. S. Navy, is spending a 30 day leave with his mother, Gladys. Accompanying Richard is his lovely blonde fiancée, Louise Willburz who hails from Dusseldorf, Germany.

This choice morsel arrived in Monday mornings' mail. We just had to pass it along to our readers. Polly, Polly — tell me true, What in the world has happened to you? I've read your column 'Polly Peers' For lo—some years— It's the first time — I'm aware, You've missed my cousin, Bruce Mollere. Clever—yes! but the author remains anonymous... unfortunately... The reference is of course, to our good friend Brewster — and we do regret the oversight so will bring all up to date on his latest projects—he's still whipping up root beer in large batches... harvesting a healthy crop of cat-tails, spent a busy weekend observing the effects of Carla on our own seawall and now has gone back to his favorite fall pursuit—

## Animal Notes

Little Miss T. J., Rite Cue's part Brahma calf, isn't quite so small at present... but still gets some of her nourishment from her enormous 'bobby bottle' which she now polishes off in a very few moments. Add new home owners—Margaret Varnell and little Jimmy and their fuzzy black dog have moved into their new place on Vacation Lane. Those zealous real estate agents, Mrs. Belle Penrose and Mrs. Gee Mollere, have just completed a sale of Jordan River property for the nice fat sum of \$70,000 dollars.

## Sports Scene

Rough water and hurricane warnings kept all boats snug in their harbors, but those dedicated anglers, Jerome Carver, August Rouxet, Dec Elliott (I'm sure he won't mind me 'stealing a bit of his thunder') and Alden Mauffray showed up with enough fresh water catfish for a court Bouillon — popularly pronounced 'cou-bulon' which was cooked in truly gourmet fashion by Norman Compretre. Saturday's huge waves washed the crabs near enough the shore to be caught in large numbers. Ann Torgersen was pulling them up faster than George and Bob could boil them. Carmen and Toby Piazza tried their luck Monday, but they had absolutely none. Dick Mestayer, Jr., bagged the dove limit on the first day of the season—somewhere in the vicinity of Kila. I think.

Ruth Ballatin is once again the proud possessor of the lovely H. A. trophy—she bowled a 173 Monday.

## On the Avenue

Coleman Avenue was bustling all weekend—there were just about as many people out on the beach, it was non-existent, but as close as they could safely approach the pier all day Saturday and Sunday. Some of the weather-watcher included Doc Hubbard—the only person in the crowd without wet shoes for the simple reason that she was barefooted; Ora May and Connie Harshly, Barbara and Richard Bourgeois, Bob Lucas, Highway patrolman 8—(just can't spell his name) Pete Noto, Gerald Kennedy, Jamco Ruler, etc.

Myrtle and Joe Daboud visited Waveland last week — they were in the process of tracking down Steve's birth certificate to enable him to enter school in New Orleans.

The Waveland Home Demonstration Club will hold its September meeting at the Coleman Ave. home of Mrs. Ed LeVasseur on Tuesday, Sept. 26. Mrs. William Ford and Mrs. R. J. Ford will be co-hostesses.

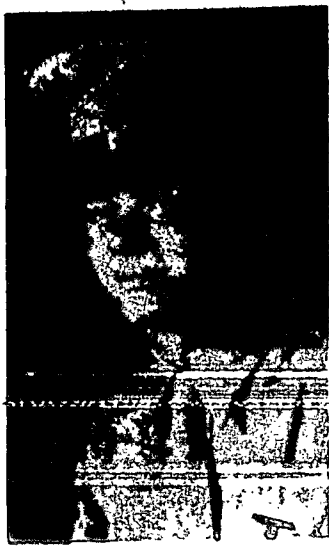

Henry Vogelburg is former Wavelander, former Bay St. Louis, and now of New Orleans, La. He is at the home of Mr. and Mrs. Bob

## News of the Bay

Congratulations to Capt. and Mrs. H. J. Thompson who observed their 60th wedding anniversary Saturday. Mrs. J. B. Goldman honored the couple at dinner at Paradise Point despite the more than a little inclement weather.

Happy birthday to Margie Kemp — her birthday was Aug. 30, but she celebrated Saturday night when husband Lewis came in from Louisville, Ky.

COMPLETES TRAINING — Marine Pfc. Jan. D. Brameyer, Jr., son of Mr. and Mrs. Brameyer of Waveland, completed four weeks combat infantry training, Aug. 17, with the Infantry Training Regiment at Camp Lejeune, N. C.

## Coronation Ball Stated For Sept. 21

The American Legion auxiliary will hold its annual Poppy Coronation Ball at 8 p.m. Thursday, Sept. 21, at the Legion Home.

This event is sponsored by the auxiliary to honor junior members who participated in the Poppy Sale held earlier in the year.

Maid in the court are Lyn-dall Schindler, Jan Rutherford, Penny Pfeiffer and Loverna Benigno.

Pupils of the Russell School of Dancing will entertain the guests.

The public is invited to attend and there will be a small admission charge.

## Jo Ann Saucier Feted at Party On 15th Year

Mr. and Mrs. Santo Saucier honored their daughter Jo Ann on her 15th birthday with a surprise party at their home on Dubuc Lane on Tuesday.

Dancing was enjoyed through out the evening and refreshments of sandwiches, punch and cake were served by Mrs. Saucier from a table covered with a white linen cloth and centered with a large pink and white birthday cake.

Those attending were Billy and Geraldine Kidd, Doty Estup, Martha and David Rutherford, Judy and Jerry Tacon, Mary Beth Martag, Raymond Carr, Janet Saucier, Aggie Bourgeois, Susan and Conde Glass, Jimmy Steffel, Linda March, Clarine Hayward, Phyllis Olliver, Cuddie Bourgeois, Jimmy Armstrong, Michael Cowen, Carolyn Ann Bourgeois, LeRoy and Melva Lee Luke, Diane Saucier and Donald Everett.

## B-WYC Auxiliary Luncheon Stated For Next Wednesday

Bay-Waveland Yacht Club auxiliary will have its monthly luncheon at 12 noon Wednesday at the club with reservations for the affair closing at 1 p.m. Tuesday.

Mrs. A. P. Smith is hostess and will be assisted by Mesdames Leo Seal, T. T. Robin, Sam Whitfield, James Schatkin, Winfield Partridge, Henry Chapman and Norman Reasberry and E.C. Weston. Reservations may be made by calling Mrs. Smith at HO 7-5208 or Mrs. Seal at HO 7-5308.

Ranch every Friday night. Whoo—what a sound of your reporter taking a deep breath as our hurricane boards are removed from the office windows by Tony Mouri — his comment on this welcome little task — "Both Mr. Cormier and Carmichael are happy once more — he can observe passing pelicans and she can see the tombstones."

## SIGHTS AND SOUNDS ALONG THE WAY

The sight of two enormous National Guard trucks manned by local boys looking to military in their uniforms, parked at the end of Coleman Ave. between and between, whatever that is, in little piles all along the beach, including over a few watermelon rinds, and huge brown waves turning into pure white foam as they dash across the searwall and the humming of the planes as they sway, never bending in the wind.

# LAKE SHORE LOG

BY MRS. MALCOLM GREEN

Mr. and Mrs. Lambert Boudages are settled down for the winter in their cozy home on the hill overlooking the Lakeshore Country Club, after a delightful visit in town with favorite grandson Peter V. Young, III. Ten-year-old Peter, a fourth grade student at Lakeshore School, made the honor roll again this past term, and went through the complete school year without misspelling one word. His art work was on display at Municipal Auditorium, then sent on to Baltimore, Md., to be exhibited along with other children's pictures from the 51 states. In spite of all this talent, young Peter is just a regular kid and of course the apple of his grandparents' eyes.

Clyde and Betty Ladnor are renting a house in Clermont until they can build a new one in Lakeshore. Clyde, a telephone company employee has been transferred to the Bay area from New Orleans and have put their nice home in Chalmette up for sale.

Mrs. Andrew Ladnor is sponsoring a horse show Sunday afternoon Sept. 24, at the Gulfview area for the benefit of St. John's Catholic Church Building Fund. At this time a gentle riding horse will be given away to some lucky person attending this worthy cause.

Diane Soufflet had to receive medical attention Wednesday when bitten by a dog.

The Gulfview School P-TA will have its first meeting of the new school year at 7:30 p.m. Monday, Dues will be accepted at this time. It is hoped all parents of Gulfview students will attend and take an active part in the many activities planned for the coming year.

On Saturday Hurricane Carla caused most of us who remembered the '47 blow to make plans to be on higher ground before dark. Malcolm stayed home to keep an eye on things and leave later if the going got rough. The kids were left with grandma and grandpa Villamil in the Bay, and I went on to Hancock General to do special with 8-year-old David Paulk who had lost his right hand Friday. Glad to report he is doing fine, and to the best patient, considering what he has been through.

The National Guard sent two trucks down to evacuate anyone who had no transportation. The school was opened but most decided to go on to Bay High, Piquette, or the motels on U. S. 90. The hospital switchboard operator was on duty all night, but thank goodness Carla missed us.

The Shanyfelt family have returned after a visit in Wichita, Kan., all summer.

A horse show is planned Sunday, Sept. 24, at the Gulfview Arena for the benefit of St. John's Catholic Church building fund. Sponsored by Mrs. Andrew Ladnor it will begin at 1 p.m. A horse will be given away.

Enjoyed the article of Roe Cope's about successful teenage marriages so much, I'd like to mention Lois and Norvine Kelly of Pearlinton. These two young folks eloped in 1947 when Lois was 13 and Norvine was 16. Since then they have three lovely healthy children, own their own home in Pearlinton where Norvine is employed by International Paper Co. Even at 13 Lois could cook (taught by mama Irma Ladner) she showed me how to cook red beans, and I still use her recipe. At one time it looked like Norvine could turn out to be another Elvis Presley. His records were selling, and he was asked to go to Nashville to discuss his future with Grand Ole Opry officials, but since the deal did not include taking his wife and children along, Norvine let it pass. Once Lois told me in the 15 years they have been married they have never been away from each other when nighttime came. That in itself is a record.

But dad Reginald Moran have left to return to Pearl River Junior College after a hectic two weeks of horse shows and visits. Bud was a guest of Gaylen Schrock of Poplarville at the Poplarville Saddle Club horse show and, took first prize on Mr. Schrock's registered Tennessee walking horse, Nell. From there

the two flew in Mr. Schrock's private plane to Shelbyville, Tenn., for the Tennessee walking horse national convention. Out of 1400 entries Mr. Schrock took a fourth place. On Labor Day they flew to Jackson to attend the Jackson Horse Show and Bud took several ribbons on his registered quarter horse, Sandown. Meanwhile back at home ranch, sister Regina, mother Pearl and Mesdames Gus motored to Birmingham to visit the University of Alabama and on to Howard University for a pleasant visit.

The Ernest Carcos, aided by son Albert, have added a large porch to their home, put in another bath, and added a bedroom, all for the comfort of the three aged Veterans who live with the Carcos. Although Miss Nora has been here since she came as a World War I bride from Ireland, she still talks like a young Irish lass fresh off the boat.

The County health department is asking all parents of children who have not had their set of 4 polio shots to please come to the department and do so. Typoid shots are something all the children should have, and the records show that many children need booster shots for tetanus, diphtheria and whooping cough.

## Thompsons Reflect Formula 60 Years' Wedded Bliss

W. J. MAZARAKIS  
The wedding anniversary  
occasion and when  
Capt. and Mrs.  
Thompson, 331 Carroll  
Ave., recently observed their  
60th marriage last Satur-  
day, Sept. 9, an interview  
with them was an impressive  
experience.

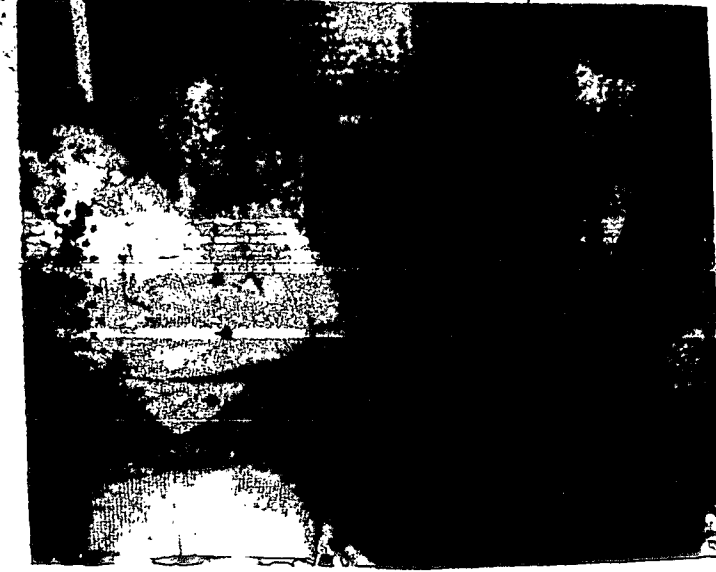

They are an impressive  
couple. The wife, who is 60,  
is a very frail  
woman. She popped into mind  
the near yellow  
of a moment I was  
told that I had the wrong  
person. She was met at the door  
by a slender, erect, hand-  
some-haired gentleman  
with a firm, warm  
smile. Entering the taste-  
fully decorated air conditioned  
home, another surprise was  
a friendly smile and  
a warm handshake from  
Thompson, becomingly  
dressed in an embroidered laven-  
der jacket.

Very un-reporter-like  
was the temptation to blurt  
out "You couldn't possibly have  
been married for 60 years—  
it appears to have reached  
its age yet" was almost too  
much to resist.

The usual questions for such  
an occasion, "have you been  
happy, would you do it over  
again?" would have been trite  
and unnecessary. Sixty years of  
happiness shone from both of  
their eyes, those questions were  
answered automatically.

Capt. and Mrs. Thompson met  
in Epworth League party on  
New Year's Eve at the Algiers  
Episcopal Church in 1899 and  
were married in the same church  
the following September and have  
remained close to their church  
ever since. They have one  
daughter, Patricia, who is mar-  
ried to the Red Cross at  
St. Louis, and one son, George, who  
is with the Union Carbide Co.  
in Texas. They have seven children,  
five boys and two girls, in Texas  
and St. Louis.

Capt. Thompson, now 86, was

CAPT. AND MRS. W.J. THOMPSON

born in Westerly, Rhode Island.  
He holds a Master of the Seven  
Seas License. A naval ensign in  
the Spanish American war, a  
Lieutenant commander in the Navy  
in World War I, and in the Coast  
Guard during World War II, he  
resigned his commission to be-  
come a bar pilot on the Mis-  
sissippi River and captained two  
boats for the Union Oil Co. of  
California for 35 years until his  
retirement in 1944.

Mrs. Thompson, 82, is  
a native of Algiers and her life,  
like the Captain's has been one  
of continuous excitement. Even  
their wedding was set up one  
day as his ship arrived in port  
earlier than expected. One mem-  
ber of the wedding party, Dr.  
E. L. King, well-known New Or-  
leans surgeon, and an usher at  
the ceremony, is still living. A  
friend of the family, Mrs. Eli-  
zabeth Thoele of Long Beach,  
attended the wedding and joined  
Comdr. and Mrs. J. B. Goldman,  
the Thompsons and daughter at  
dinner on the night of their an-  
niversary.

Friends had planned a large  
reception, but the Capt. and his

lady just didn't want anyone  
going to a lot of trouble for  
them, and their wishes were  
respected.

Mrs. Thompson, who has a  
marvelous sense of humor, as  
does her husband, recalled the  
days of following her sea-faring  
husband. They were living in  
Berkley, Calif., in 1906 and well  
remember the earthquake which  
devastated that area. The captain  
says it was a memorable ex-  
perience, but not one which one  
would like to repeat.

Sterling silver, handed down  
in the captain's family, the year  
1871 stamped on the back, is used  
daily in their home as are mono-  
grammed silver napkin rings,  
gifts from their wedding atten-  
dants, and a lovely hand-painted  
china clock which Mrs. Thompson  
simply wrapped in flames for  
each move to a strange place.  
keeps perfect time. All of her  
cherished household items ac-  
companied them even to Hono-  
lulu on one occasion.

Another question usually ask-  
ed of couples who have been  
married for many years: "What  
is your recipe for happiness?"  
also was answered by the Thomp-  
sons' attitude toward one another.  
Each has great pride in the  
accomplishments of the other  
and their mutual politeness, con-  
sideration and affection is a won-  
derful sight to behold.

## LIFE ALONG Bourgeois-Robertson Vows PEARL Said Saturday in Jackson RIVER

By HENRY OTIS Phone 2864

We are all thankful that there  
was no serious damage done by  
hurricane Carla in the Pearl  
River area. Tides ranged from  
six feet above normal at Jim  
Kelly's Fishing Camp on Mustang  
Bay to around four feet above  
normal at Logtown.

Winds were pretty high and  
there was a lot of rain during  
the period before Carla went in-  
land. The river at Logtown was  
bustling with some oyster luggers  
tied up in the safe harbor, and  
a dredge and tugboat there also.  
Several yachts and other small  
craft came up river and tied up  
above Logtown. The water was  
over the rocks in places, but  
didn't interfere with traffic. The  
utility companies experienced  
little trouble on their lines in the  
area. The river is now down  
somewhat and is just about two  
feet above normal, and soon we  
hope that fishing will be good  
again.

Mrs. Charles Moran of Jack-  
son visited her parents, Mr. and  
Mrs. Stanley Strubon of Logtown,  
for several days recently.

Mr. and Mrs. Leo Moran and  
family of Bay St. Louis were  
guests Sunday of her mother,  
Mrs. Ruby Bennett.

## Mrs. Griffith Is Delegate to Church Meet in Detroit

Mrs. Lloyd Griffith will be  
among Mississippi's delegates to  
the triennial meeting of the Epis-  
copal Churchwomen in Detroit,  
Mich., Sept. 17-27.

The session is in conjunction  
with the general convention of the  
Episcopal Church and will have  
representatives from missions  
from all over the world.

Others to attend from Missis-  
sippi are Mesdames John Bottom  
of Vicksburg, Non Kemmington of  
Jackson, Eugene Parker and  
Howard Peabody, jr., of Natchez,  
and S. M. Montgomery of Bol-  
ton.

Our deepest sympathy to the  
family of Mrs. Archie Hoyer who  
passed away this week.

Parents, teachers and friends  
of Logtown School are reminded  
that the first Parent-Teacher  
Assn. meeting of the new 1961-  
62 school year will be at the  
school this Tuesday night.

Fifteen members of the local National Guard unit volunteered for duty Saturday morning and worked all day Sunday. They patrolled the beach and checked areas for possible looting.

Joe Colson, appointed special assistant by State Civil Defense Director Robert Cooke, reported that Gen. William P. Wilson, commander of the Guard, was Saturday on guard operations and the organization secured one of the best units in operation in event of need.

Peducca termed the local unit one of the best units in operation he had seen.

Lader, Kenny Ray Lader, Helen Cuevas, Robert M. Zing, Lader, Leon Davis, Edress Malley, J. T. Kenneth Lee, Vernon J. Lader, Ed Kendrick and Willie Rockstill.

## County Millage...

(Cont. from Page 1.)

limit on the pauper levy. Pearl River Junior College's request for a levy increase was turned down, the board taking the view increased assessment valuation in the county will provide as much money as it can afford.

With some reluctance the board went ahead with the three-mill levy for Hancock General Hospital. Hubbard observed that the \$33,000 deficit anticipated in the hospital budget was somewhat high for a 20-bed institution and calculated the figure ran around 15 per cent of its budget expenditures of \$207,000. Revenue from the gas tax was figured to be enough to handle the seawall fund for the time being so that millage could be transferred to the pauper fund. While considering the tight situation of the county general fund, the seven mill rate is fixed by law so supervisors were powerless to act.

Also rejected was the idea of levying one mill to straighten out the county board of education's back loans. Lader warned at the conclusion of the meeting as he eyed the county general fund levy that "someone had better start squeezing in," and Beat 2 Supervisor L. M. Frierson said he'd like to "see us get out of the red and stay out" as he moved for adoption of the levy and 1961-62 budget.

First item of business was amendment of the 1960-61 budget to bring it in line with expenditures. Carver, who worked up the figures, said estimated expenditures were \$186,000 whereas \$193,000 was the actual amount. He said he was not considering unpaid bills which presumably would run into the new budget and the board would levy accordingly.

Beat 1 needed no amendment, being \$5,600 to the good; Beat 2 was over by \$7,540 but has revenue to cover it; Beat 3 was \$12,525 over, Beat 4 was \$16,300 over and Beat 5, \$15,850 under. Hubbard suggested that since all have revenue to cover the average this fact be included in the revision or it does not show a true picture of the situation. He noted this was the case in the 1959-60 audit figures on his beat.

Carver remarked that it seemed to him public officials should be made to stay within the budget which is designed to save taxpayers' money, rather than amending it to cover additional expenses when they have no revenue.

## 15 Aspire to Title Of Foresry Queen

Fifteen of Hancock County's prettiest girls will seek the title of Queen of the Forest when the annual competition is staged at 8 p.m. today at Hancock North Central School.

Glenn Purvis, area forester who is in charge of the event, said Michael D. Haas, Bay St. Louis attorney, will serve as master of ceremonies and speaker will be Joe V. Zary, woodland conservationist with the Soil Conservation Service.

The successful contestant will be crowned by the 1960 title, Kathleen Schaefer.

Entertainment will include a piano solo by Paula Faye Harrell.

Contestants are Ann Clark,

years and had made many trips to Jackson in an effort to get the new facility built.

Voting aye were Reboul, Peperdene and Mrs. Ward with dissent from Hubert Thigpen of Beat 2, Haas and Saucier, the latter two remarking they had "nothing against Sam but it should be up to the next board." Trustee Frank A. Selph of Beat 4 was not present.

With the tie vote which meant the reappointment was killed, Favre noted that the board then was without an attorney and Saucier promptly moved to hire Favre for one month, Haas making the second.

Favre said he understood the board's position and did "not need the job to eat."

"That's one thing about Sam," Haas, father of a young local attorney, Michael D. Haas, remarked, "he's got a big law firm in the Bay and doesn't need this job, I bet he'd help us out anytime even if we didn't hire him." Mrs. Ward objected that she did not feel a month to month proposition was fair but the motion carried.

On a 4-2 vote Administrator Logue won the right to attend the National Hospital Assn. convention in Atlantic City, N. J., with \$250 expense allowance from the board and the understanding one week of his two-week vacation will go to that end.

The motion came from Haas with Saucier seconding and Peperdene and Reboul cast the nay votes. Thigpen advised Logue he had better plan to hitch hike home if he ran out of money.

Reboul strenuously objected to sending Logue to the convention the week of Sept. 25 in view of the expense and the hurricane threat in the area which continues until mid-October. He argued the administrator could get as much or more from going to the numerous state meetings and expressed distaste for big conventions.

Logue reiterated his strong desire to attend, said he could get back faster than a hurricane could travel and asserted much benefit could accrue to Hancock General from his attendance.

After the matter was settled Dr. Martinovich noted rising costs of hospital administration would be a major topic "and if he can't come back and save us that \$250 here he's not worth his salt. I think it's a good thing."

Staff salaries provided the only other thorny argument of the quick session with Dr. Schmidt observing that non-professional personnel appeared better paid than those with professional training. The main hitch came when Logue proposed another raise for Mrs. Ida Graham who got a \$50 a month hike from the \$1,000 in July. Logue, with concurrence from most of the board, withdrew that plan until he presents a general salary program later in the year.

Salaries approved on the motion of Haas, seconded by Pe-

Bernadette Lind, Nita Kay Ervin, Ripple Rausch and Carol Western from Bay St. Louis; Diane Dickson and Lynn Rose from Waveland, all students at Bay High School; Janet Shaw, Brenda Shaw, Perldinston Garcia Elaine Lee, Linda Mitchell, Picayune; Carrie Mae Hardy, Virginia Dare Adams, Linda Carolyn Gariga and Myra Necaise, Pass Christian, all students at Hancock North Central.

There were no entrants from St. Joseph Academy.

## Hancock Nears U.S. Bond Goal

District eight, to which Hancock County is assigned, with three of the five counties having exceeded their quota of sales of U. S. savings bonds is a major reason that Hancock County doesn't lead its district as it frequently does.

The local county has so far purchased \$2.63 per cent of its quota of bonds and continues to be listed on the government's honor roll. Andy Becker is chairman for the county.

perdene, were for Miss Dorothy Bruce of Clarksdale, presently with the Harrison County welfare department, as medical librarian for vacations and insurance clerk; Mrs. Amy Shirley Dumphy, and Miss Shirley Dumphy, anesthesiologist. Mrs. Merrins' resignation as insurance clerk at \$275 a month was noted.

The board voted to pay \$100 toward Miss Dumphy's expenses to attend the hospital convention in Atlantic City where she is to deliver the address at the opening of the anesthesiologists' section as president of the Southeastern unit.

Installation of plaques was authorized citing the original board of trustees and medical staff with provision for listing future trustees and the American Legion's donation of the flagpole and sidewalk.

A claim docket for August of \$6,449.46 was approved.

# Harbor Happenings

RAE COPE

M07-5897

It takes a hurricane or a disaster of some kind to level us out and make us "sisters under the skin". I well remember the 1947 hurricane when at a party held at the home of Ruth Miller in Lakeshore, 25 of us had a marvelous time, but on Friday morning three lost their lives in the hurricane that struck that day. Mine was one of the few houses left standing. Until that time a big blow would find us down at the beach riding the waves, having fun enjoying the water, the clouds, the stiff breezes. . . . Afterwards a blow would send us to cover; a wet dew was a hazard.

When Carla came along the other day Harvard and Nettie Burleigh took off to his sister and brother-in-law's, the Otis Dimmick home on U. S. 90. They left everything in 1947, and were so happy to find everything intact here in Clermont when they returned Sunday afternoon. They drove over to Gulfport and took in a show to relax.

## And the Crabs Came In

The F. O. McCoy home, so badly damaged in 1947, proved a worrisome problem to Al and Frances Voight, who kept in touch with her mother and finally came over and took her home with them for the duration. Al and Ruth Landry decided to ride out the storm and when the rain ceased a bit Al went rabbling and caught 2 1/2 hampers which Ruth expects to turn into some of her most delectable dishes. Her stuffed crabs are so full, so delicious - no gods of roasted bread and other filling - just the most delicious crab meat ever. And her stuffed artichokes are pictures of loveliness - just nobody can stuff artichokes like Ruth and make them look like lovely floral arrangements.

The Ronald Flicks who had spent several days last week with friends of long standing, Mrs. Thelma Stevens of LaCombe, La., returned in time to check here and take off to look after property in New Orleans. Daughter Winnie and her husband Buddy looked after things at this end of the line. John Bourages in Lakeshore reports all O. K. down there. Ruble was off to her Hancock General Hospital service this morning and has a bowling date for the afternoon. . . . their daughter, son-in-law and children (the Clyde Ladner family) have bought one of the vacant cottages on Bourages St. where they have moved and registered the children in the Bay schools. Clyde expects to commute daily to his job in Gulfport with the Sou. Bell Telephone Company. Welcome to Clermont -

## Visitor Is Fed

A young lady teenage guest in Clermont recently was Miss Ann Lawton of Baton Rouge, who was honored with beach, bowling, swimming parties and a picnic at Hickory Creek when her hostesses Betty Smith and Ann Proctor and other of her former pals here gave an all day outing in her honor.

Airman Apprentice John V. Peterson arrived on a weekend pass from Memphis, Tenn., to visit his mother Mrs. Harold Garcia and his father, Lawrence Peterson.

Visiting Mrs. Richard Proctor and her aunt, Miss Ada B. Slambrough, recently were her cousin, Mrs. Jane McOrtle and son, Thomas of Jacksonville and White Sands, Fla. Other guests were Mr. and Mrs. George B. Harvey, sons, Tommy and Jimmy and a grand daughter, Jennifer.

## Cake and Candles

Birthday greetings to Carrie B. Diboll, Sept. 17 and Rose Richmond on Sept. 13.

Get well wishes to T. A. Smith of the Boulevard, who has been laid up with a virus for the last week or two.

VISITING MISSIONARIES - Elders Paul T. Burk of Salt Lake City, left, and Jason D. Tibby of Burley, Idaho, are representing the Church of Jesus Christ of Latter-day Saints in this area for the next few months.

## Free Seedling Williams Selected Orders Are Due Jaycee of August By Oct. 15

Tree seedling orders for the 1961-62 planting season must be in by Oct. 15. Area Forester Glenn Purvis noted this week, adding that orders of slash and loblolly pines will be filled on a first come-first served basis as long as the supply lasts.

Landowners who plan to plant this season should submit their orders at the earliest possible date to be assured of receiving their seedlings. Each landowner is eligible for 1,000 free seedlings by paying only a 35 cent delivery charge. Orders over 1,000 will cost \$4.50 per thousand plus delivery charges. Because of a substantial decrease in numbers of seedlings grown in Mississippi Forestry Com-

mission nurseries, these prices will remain in effect throughout the planting season, Purvis noted.

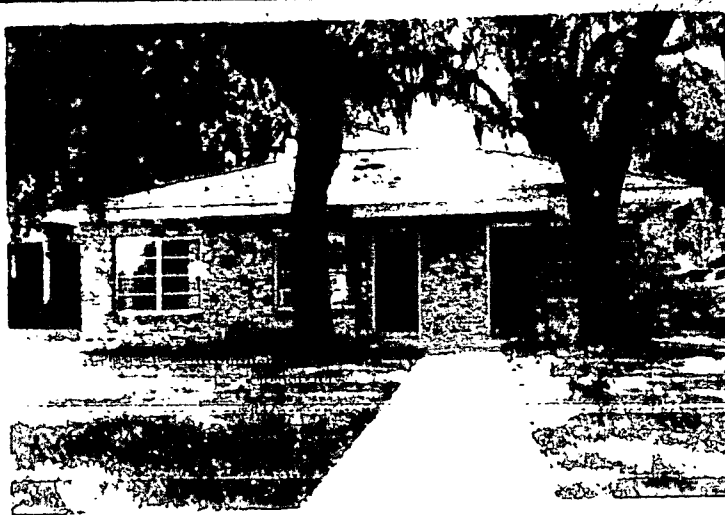

Available besides slash and loblolly are longleaf, shortleaf and spruce pine; small amounts of bald cypress, cottonwood, green ash, yellow poplar, black locust, cherrybark oak, nuttall oak, sycamore, sweet and tupelo gum.

ON THE 1500'S A GOLF RULE WAS WRITTEN FOR KING JAMES IV IT PROVIDED A ONE STROKE PENALTY FOR EACH CLUB BROKEN IN A FIT OF TEMPER.

BAY HIGH SCHOOL'S 1961 FOOTBALL SQUAD OPENS SEASON FRIDAY (Photo by Sanford.)

# Heavy Line Feature of Hawk Grid Squad

The North Central High School Hawks open their 1961 football season Friday night at Ocean Springs when they go up against the Ocean Springs Greyhounds, led by many one of the top teams in the Gulf Coast Conference.

The Hawks, playing for the first time under new coach Claude Renfro, will be striving to improve on last year's final record which saw them go through the season without a victory. Thirty-five boys are currently out for practice, a 10 percent increase over last year.

Coach Renfro expects to build the team around a line which will average about 200 pounds per man. A 235 pound tackle, Richard Hill, and 210 pound tackle Gerald Page should cause opposing backs plenty of concern.

During the quarterbacking for the Hawks will be Albert Wictom.

Expected to do a lot of ball-carrying from one of the half back position is Junior Necaise. Several positions on the first team have not as yet been named.

Coach Renfro announced that the Hawks for the North Central gridiron will not be completed this year and all of the Hawks games scheduled for North Central will be played on the road. The game against Harrison Central later in the season will probably be played at Long Beach.

TIGER CO-CAPTAINS - Bobby Van Calsem, left, and Ronnie Peterson will serve as co-captains for the Bay High Tigers in their opening grid game against Pass Christian High Friday night across the Bay.

## Win Top Prizes for Miss Fits

Jimmy Jung finished first place in the recently completed Miss Fits Summer Bowling League at Bay Bowling Center and Mary Frances Ladner finished with the high final average during the league play for the season with a 134 average.

Other individual award winners were Margaret de Haan, high single game, 184, on Aug. 24, and Carol Pfeiffer, high three game series, 459, on Aug. 10.

Vogue Beauty Shop had the high team single game, 503, and the high team three game series, 1246.

Jimmy finished with a record of 39 1/2 wins and 18 1/2 losses. The All Stars were runners-up with a 25 1/2-22 1/2 mark. Team 4 had a 24-24 slate, and although winning both of the team individual awards, Vogue Beauty was last in the league with a 19-29 record.

Members of the winning Jimmy team were Edna Vassalli, Margaret de Haan, Beverly Pfeiffer, and Rose Ann Thomas.

## Marine Qualifies as Rifle Expert

Ladner, son of Mr. and Mrs. David Ladner of 209 St. Charles, qualified as an "Expert" with the M-1 service rifle during the marksmanship phase of recruit training at the Marine Corps Recruit Depot, Parris Island, S. C. in order to qualify as expert, a recruit must score a minimum of 220 out of a possible 250 points.

## Lusich Benefit Set

A benefit party will be given at the Lakeshore Community Center at 2 p.m. Sunday for Mr. and Mrs. Clarence Lusich who lost many personal possessions in a recent fire in the bedroom of their home.

## Women's Golf Play Postponed

The 36-hole medal play tournament sponsored by Merchants Insurance Agency for women at Pass Christian Isles Golf Club has been postponed until sometime in the fall, Mrs. John Griffin, tournament chairman, said this week.

Originally scheduled to start last weekend, play was called off when Hurricane Carla caused tidal waves to flood many holes on the course. Because so many players will be attending the football games in Jackson Sept. 23, it can not be held until later.

Terry Scaffidi and Roy Saux are the two senior members of the cheerleading squad among the boys. Barry Bordes and William Nadolina were also elected.

## Bay Quartet Works Bowling Out With Wildcats

The Pearl River Junior College Wildcats, fresh from an easy victory over East Mississippi Junior College Saturday night, travel to Ellisville this weekend to play the Jones Bobcats.

Four Bay St. Louis boys are now seeing action on the Pearl River squad. J. E. Lolasano, a graduate of St. Stanislaus, is playing fullback; Ramon Arrington, also from SSC, is at halfback; Bill Warts, a former Bay High all-conference fullback, is playing center; and Woody Allison, last year's Gulf Coast Con-

ference Lineman of the Year, is also at center.

The Wildcats are going through extensive drills this weekend in preparation for this Saturday's game. Although winning handily, they made several mistakes. The explosive Wildcat offensive machine was held well in check during the first half, but five second half touchdowns put the game on ice.

The Wildcats are defending co-champs of the Mississippi Junior College Conference, and are rated near the top this season.
